

Lucky has been disappointed that the house has to be shut up since it has been so hot and humid. He would really like to have a beautiful, crisp, cool (but not cold) fall so the windows can be opened up. He has forgiven the flushing toilet now and is back to attacking the toilet paper whenever he can get away with it. He had a love/hate thing going when all the visitors came. The toilet paper was back on the roll but it was scary to come out from under the bed AND Grandma used up all her playing time with those frightfully noisy little creatures.

Lucky recommends checking out these new items:

Batik Snow Flakes and two patterns - Water Lilies and 9 Patch with fussy-cut large snowflake

All three techniques, stitching and embellishing will be demonstrated. Purchase of one resource is required. There are many to choose from with a wide range of prices. Wool, linen, silk, and velvet are available at the shop but also start collecting other materials you would like to use. I am cutting up an old wool jacket, but won't need it all. Check out garage sales and thrift shops for lace, buttons and beads too. We will work at each of these monthly meetings to practice various stitches and embellishing techniques (bring something to practice on) or if you are brave.... actually work on your real project. Each month we will have our own "garage sale" or exchange time. I know that I will not want to use all of the material in my old wool jacket and would gladly exchange or barter away part of it!
